von Dyck -	2
Isbrand Rahn - Sara Tieszen	101
Jakob Reimer - Soeske Esau	175
Jakob Ens - Margarete Helene Esau	180

D U E C K

Mennonitisch, zum Teil evangelisch. Bis 1945 zu Altmuensterberg bei Marienburg in West Preussen, Danzig, Gunthen (Kr. Rosenberg) in Westpreussen, Hamburg, Langfelde (Kr. Danziger Niederung), Offenbach am Main und Portscheiten (Kr. Stuhm) in Westpreussen.

Das Geschlecht Dyck gehoert zu den niederlaendisch=friesischen Mennoniten, die sich seit 1547 am Unterlauf der Weichsel angesiedelt haben. Sie verliessen Holland, ihre urspruengliche Heimat, um sich ihre Glaubensfreiheit zu erhalten. Sie waren freie unabhaengige Bauern, entwaesserten und bebauten ihre neuen Ländereien, die seit den Deichbruechen 1540 und 1543 meist unter Wasser standen. Da sie als Hollaender in der Entwaesserung des Landes Erfahrung hatten, wurden sie bevorzugt in den Flussniederungen angesiedelt. Das trifft auch fuer das hier behandelte Geschlecht Dyck zu.

Der Name "von Dyck" wird als "vom Deich" gedeutet. Andere Schreibarten sind: von Dick, van Dyck, Dick, Dueck, Dieck; hollaendisch: van Dyck, van den Dycke, van Dijk; flaemisch: Duik; ostfrisisch: tom Diek; in Pommern: von Dieken. Es sind mehrere Wappen bekannt.

Der Stammvater des hier dargestellten Geschlechtes lebte zu Lakendorf bei Elbing. Sein Vorname ist unbekannt. Auch konnte noch nicht ermittelt werden, ob er oder seine Vorfahren aus Holland nach Westpreussen gekommen sind. Nach Gustav E. Reimer: Die Familiennamen der westpreussischen Mennoniten, Weierhof (Pfalz) 1940, wird ein ... van den Dyck "uyt het groote Waerder" bereits 1592 genannt.

Durch die Vertreibung verloren alle in Westpreussen lebenden Angehoerigen des Geschlechtes 1945 ihre Scholle und ihre Heimat. Sie zogen nach dem Westen und mussten zum groessten Teile ihre landwirtschaftliche Taetigkeit aufgeben und in anderen Berufen unter-schluepfen.

Die Stammfolgen Dueck, Neufeld, Rahn und Rutetzki mit ihren Anhaengen wurden seit 1934 von Ulrich Dueck, dem Einsender dieser Stammfolgen, erforscht. Er nahm auch 1955 das oben beschriebene Wappen fuer sich, seine Nachkommen und die uebrigen maennlichen Nachfahren des Stammes Claas von Dyck an.

Franz Claasen *

Farmer in Heubuden/Marienburg

R A H N

aus Altendorf bei Tiegenhagen in Westpreussen

Mennonitisch. Zu Berlin-Gruenau, Oberlungwitz in Sachsen, Curitiba in Brasilien, Lichtfelde, Kolonie Fernheim, in Pragauey, bis 1945 auch zu Budwethen (Kr. Tilsit=Ragnit) in Ostpreussen und zu Stuhm in Westpreussen.

Noch deutlicher als die Geschlechter D y o k und N e u f e l d zeigt das hier dargestellte Geschlecht R a h n die weltweiten Wanderungen der Mennoniten durch die vergangenen vier Jahrhunderte auf. Von den Niederlanden kamen sie nach Westpreussen und zogen ueber Suedrussland bis nach Sibirien. Rueckwanderer aus Russland gruendeten in Paraguay, Brasilien und Kanada neue Siedlungen in der Hiffnung, ihre Glaubensfreiheit und kulturelle Unabhaengigkeit wahren zu koennen.

Urspruenglich ein Bauerngeschlecht, findet man heute auch viele Handwerker unter den Angehoerigen des Geschlechts R a h n. Der Name R a h n (Rohn, Rhan, Raen) weist nach Flandern, er tritt in den Gemeinden flaemischer Richtung auf.

Die ost- und westpreussischen Familien R a h n wurden nach 1945 von den Polen aus ihrer Heimat vertrieben. Einige Familien leben noch heute in Sibirien, teilweise in der Verbannung.
