Since the history of Mennonitism has been written by many able scholars let it suffice to give just a short sketch of our people in order to make intelligible reading to those who may not have access to other historical works.

Most of our people came from Holland where the Mennonite faith developed from the Anabaptist movement in Europe. Dutch noblemen had granted toleration for a time to various elements of these Anabaptist bodies early in their history. However in the passing of years the liberal rulers died and new ones came to power who either personally or thru pressure from other ~~xxxx~~ ecclesiastical sources, did not look with favor on these people because of their religious beliefs.

Menno Simons, a former Roman Catholic priest who had left the church, assembled the believers in Holland and organized them into a fellowship or society. Having been their leader, he became their pastor and later their elder.

Not being tolerated any longer in Holland, they had to look about for a new place of abode. Fortunately about this time the Prussian and Polish nobility of the Vistula River valley heard of them, and knowing of their ability and skill to transform below sea level land into productive soil, invited them to come and settle on their estates.

Written contracts have been found showing how these Dutch Mennonites by groups leased large tracks of land from the noblemen on long-term leases, usually 30 to 40 years, in which were specified the privileges they would have as well as their obligations to the landlord. Covered were such items as the use of forests for building lumber and fuel, the right to sell their produce in the nearby towns, fishing and transportation rights on the rivers, building of access roads and other economic rights. Most important of all, however, the contract also covered the right to worship as they pleased, to bury their dead, to build chapels and schools, and to man them with their own teachers who gave religious instructions to the children as well as teaching the three R's.

They soon built thriving villages where formerly swamps and floods held sway. Two-thirds of the arable land of Poland was at that time uncultivated. These Dutchmen, thru superhuman effort dammed and brought under control the banks of the Vistula and its tributaries, drained the swamps and succeeded in making tillable soil of the once devastated area. They knew the value of good stock and took good care of it. They introduced purebred lines and knew how to make good cheese and butter which had a ready market in the nearby towns. As the land ~~ye~~ yielded increased income so also had they to pay increased rent.

But the land area was limited and as succeeding generations came to maturity a land dearth arose. They were confronted with the alternative of finding other means of livelihood or other

places of settlement. Some made their living by working at masonry, woodsmanship, weaving and other crafts which yielded but a meager existence; thus they had to seek other places of abode.

During this time Catherine II. of Russia had learned about these enterprising people and she decided they were just the kind she needed to build up her ~~xxx~~ county's economy. She invited them to come there, offering free land, tax exemption for a number of years as well as exemption from military service plus many other privileges. Also about this time, 1772, Poland was divided between Austria, Russia and Prussia, most of the region where our forefathers lived going to Prussia.

Our forefathers were fairly well satisfied with Prussian rule but their emperor, Frederick the Great, needed soldiers for his many military campaigns and he regarded with envy the fine young men of the Mennonites. Soon he demanded that they be inducted into the Prussian army. This they resisted and another crisis presented itself.

Many of our people later took advantage of Queen Catherine's invitation and moved to the rich productive areas of the Ukraine with its favorable climate and rich soil, spreading to the valleys of the Molotschna and Volga Rivers, where they greatly prospered. Others decided it would be better to be back under Polish rule and moved back into regions not too far from Ostrog where they founded the villages of Karolswalde, Karolsberg, Waldheim and others; near Warsaw the villages of Deutsch-Kasun and Deutsch-Wymischle, and Michalin and Heinrichsdorf farther on into Russia.

So here is where we meet our immediate forefathers when by about 1871, Poland was taken over by Russia and it meant that all would be integrated into the Russian order of the day. Queen Catherine had died and another ruler came to the ~~xxxx~~ throne who wanted to terminate the special privileges of the Mennonites. Again, compulsory military service was the principle to which they would not consent.

Before going on mention must be made here that after some few years the Mennonites who remained in Russia succeeded in making an agreement with the czarist government that in lieu of military service their young men could perform forestry work which was satisfactory to them. However after the Bolshevik Revolution when unspeakable persecution, oppression, famine and indispensible suffering was visited upon them they bitterly regretted not having come to America when they had the chance.

Referring again to the Volhynian Mennonites and some of the Russian brethren, after hearing of the opportunities in the New World, they decided to investigate the conditions here so a deputation of 12 men was chosen and sent to America to look things over and examine colonization possibilities.

Just previously some literature had been received from several

railroad companies that were building the new lines to the western frontiers, inviting settlers from Europe and extolling the opportunities of obtaining cheap land on their right of way, thus exciting the landless masses of these regions to look into the offer.

Elder Tobias Unruh was the one chosen from the Volhynian Province of Poland to be the representative of our forefathers. These 12 men investigated the situation in the middle states and Canada. When they returned to their people and described to them in glowing terms the opportunities they would have plus the possibility to satisfy their yearning to own land, and the freedom to live and worship unhampered it was immediately decided to come to America. They did not obtain the promise of military exemption but were quite assured wars were not in the realm of possibility in our country so they were willing to take a chance on that.

Now that the decision had been made to come to America, what an excitement ran through the villages. Words fail us in properly describing the imaginary scenes taking place in the preparation to move. It ~~must~~ must have been a stupendous job getting everything ready for the long journey to the port of embarkation, then across the ocean which seemed especially dangerous to them.. It happened that since they left in the late fall, the most of them had a particularly stormy voyage. Their processing at the immigration offices in New York, Baltimore, or wherever they arrived; the long train trip across half the continent to Kansas and from Newton to their final destination.

Here they came in the middle of winter to face the raw blizzards on the widswept prairies of Kandas, where they were to build their new homes; under entirely new conditions on these treeless plains where there was no wood for fuel or building, like they had been used to in their old home; they nevertheless went to work with courage and fortitude to ~~establish~~ establish themselves; they proceeded resourcefully to build houses of rock and sod, to dig wells and break up the sod to plant their crops.

However it was by no means easy. The Polish Mennonites were some of the poorest of the poor and if it had not been for the generous help of their eastern brethren in Pennsylvania, Ohio, and Indiana who helped get a start, some of them might not have made the grade.

While their religious convictions against military service was perhaps the main reason in reaching the decision to leave their old homeland, no doubt their very poverty weighed heavily in the matter and they perhaps felt that at least their children would have better opportunities in the New World, and that ~~they~~ themselves could not worsen their own condition by coming here.

But, however one may assess their reasons one can't help but feel that Divine guidance was with them for they could not possibly have known that in a few generations the area they were leaving would be visited by the most terrible upheaval in history, namely the first

World War followed by the tragic Bolshevik Revolution and that again by World War II.

In reading of the terrible fate which befell those who remained in Russia, Poland and Germany it staggers the imagination as to why such cruelty should be inflicted on a peace-loving group. However several factors contributed to the particular treatment which was meted out to them by the Soviet government: 1st. Thru previous agreements with the czarist government they were enjoying special privileges as to military exemption, plus the start they received in early colonization arrangements with Catherine II.

2nd. They were German and did not mix with the Russian population by intermarriage, had their own local government in their villages, schools and language. Thus in the mounting Russian nationalism this was looked upon with disfavor and suspicion.

3rd. They were industrious farmers and workers and naturally prospered, thereby coming to enjoy a higher standard of living than the surrounding Russian population, which caused envy.

4th. Their strong Christian faith also was a thorn in the atheistic and materialistic program of the Communists.

5th. Their ~~nix~~ ministers and teachers were considered their spiritual leaders of their people and thus were the first ones to come under suspicion of the Soviet and became the victims of the most inhuman treatment that diabolical minds could devise.

With cold-blooded and malicious intent they were systematically disrupted, dispossessed of all they had, families separated and sent to far-off Siberia and other places to slave labor camps, often the men to one place, the women to another and children to a different area. Many suffered a slow agonizing death in prison. Many starved to death because the famine which came upon the country was a direct result of this inhuman policy for the most enterprising, industrious and intelligent farmers were exiled where they could produce food neither for themselves nor others.

Thus we see what we, who were no better, escaped by the narrow margin of just not being there! & Do we deserve this good fortune? Then let us hold in honor those to whom we are so greatly indebted, and treasure the more our own form of government.

Let us not be remiss also in assessing the contribution they made to our country's greatness. They were not the type to seek fame and fortune, but they were of the common ordinary type of whom Abraham Lincoln said "God must have loved them for he made so many of them." They not only made a great economic contribution but their freedom loving nature fitted in with our constitutional government. They strengthened and undergirded the laws and institutions in which our society believes and has put into action, such as freedom of religion, of speech and conscience, communication and thought.

In order to estimate the nobility of their character we must remember that as heirs of the Anabaptist movement, theirs was a heritage of the persecuted. They were almost inured to suffering, accustomed to being uprooted, persecuted and banished, driven from place to place.

However, it can also be said with credit to the modern generations that they have risen nobly to the challenge and example of their forefathers. In lieu of military service many young people have given years of voluntary service as teachers in schools for underprivileged children, nurses and attendants in mental hospitals, as ~~some~~ "guinea pigs" in research projects, in agricultural improvement programs in foreign lands, in building homes in war-devastated countries. Groups of men from the different churches of late have formed disaster units to hold themselves in readiness to go to places where tornado, fire, flood or other misfortune have struck, giving aid in cleaning up and rebuilding of homes of the victims, providing food and medicines, clothing and bedding and shelter; all without a thought of remuneration, but given voluntarily "in the name of Christ." Almost everywhere they are found in the forefront of humanitarian work.

Among them are found numbers of educators, ministers, missionaries, doctors and nurses. In fact, to the ~~xxx~~ voluntary workers has been given a great deal of credit in raising the standard of care in our state mental institutions and the mentally retarded.

But human nature being what it is, no doubt many descendants of our noble forbears may have forgotten or perhaps never learned to know who they were and what they did for us in making the historically important decision to come to these shores.

This then explains the purpose of my work and to whom ~~ix~~ it is dedicated. I feel it is the least we can do to leave a written record of our noble ancestors giving as much information of them as could be found in written family and church records, and reducing to written form such traditions as have been passed down to us by word of mouth.

I hope this record will be of value in some way and that its value will increase with the passing of time. We do not know what will be the problems of future generations and can only hope that what we do for them to the best of our knowledge and ability will some day be useful to them.

I wish to acknowledge herewith the help and encouragement I have received from many of the families in gathering data and information I requested; the encouragement that was given, the wellwishes and "God bless you's". Thanks to all of you. I also wish to express in fulsome measure the gratitude to each and everyone who lent me their family records, and for the confidence and trust they placed in me. After all, family records and vital statistics are a very intimate and private possession and no doubt some people might question the wisdom in divulging them.

I have compiled four separate family records, i.e., the records of both sets of my grandparents as follows:

Paternal Grandparents:

Peter Eck Sr., son of Henry Eck, who was a son of Zacharias Eck
his wife
Aganetha Unruh, daughter of David Unruh, son of Georg Unruh.

Maternal Grandparents:

Andreas Siebert, son of Abraham Siebert, son of Jacob Siebert,
son of Adrian Siebert
His wife
Luvina Decker, daughter of Andreas Decker, son of Hans Decker,
son of Hans Decker, son of Hans Decker

The above named persons and their brothers and sisters I've called the Patriarch line who are designated by Capital letters, A, B, C,

The generation previous to them are given by names only.

The generation following them are designated by Roman numerals, Arabis numerals, Arabic in brackets, Arabic letters, Arabic double letters, etc.

I have tried to give as much information of each one as could be condensed in a few lines, such as name and religion birthdate and marriage date, birthplace, deathdate or address.

In cases where religion in line of desvendency was not specifically known, I have designated them Protestant, since that is our background. However, in a few cases this may be incorrect for ehich I ask to be pardoned.

In a few special cases where information was furnished me, I have given the occupation, and/or aducatuonal background, military record, and accomplishments. I should like to have done this for each one but it would have propoged the process of gathering data as well as the size of each book.

I wish to acknowledge in a special way the help which I received from the following persons:

Dr. Cornelius Krahn and Mr. John F. Schmidt at the Bethel College Historical Library, North Newton, Kansas, through these family records are available.

Mr. J.A. Duerksen, Washington, D.C. (Decker & Sieberts records)

Mr. John A. Boese, Tyndall, S. Dakota (Siebert & Unruh records)

Mrs. Martha Moffatt Marshall, Petosky, Mich. (Siebert record)

Mr. Grant Siebert, Great Bend, Kansas (Siebert record)

Mr. Peter W. Janzen, Sardis, BC. (Siebert record)

Mrs. Katie Partridge, Orem Urah (Decker, record)

Mrs. Crissie Jones, Hayward, Calif. (Eck record)

Mrs. Agatha Koop, Calgary, Alta (Eck record)

Miss Ruby Penner, Fairview, Okla. (Eck record)

Mrs. Ruby Kennedy

Mrs. Ruby Kennedy, Hooker, Oklahoma (Decker record)
 Mrs. Katie Nightingale, Cleo Springs, Oklahoma (Eck record)

May what we together have done rebound to His glory, by Whom we live and Whose we are. This is my wish and prayer.

Salt Lake City, Utah.

This record contains the history and genealogy of the three sons of Zacharias Eckm namely: Jacob, Henry and Cornelius, Sr. That of Anna I was not too sure of and besides her children, Maria, Andrew and Lena married in the Henry B. Schmidt family and their genealogy is in the Schmidt record compiled by Mrs. Mae Koehn Curtis. Elizabeth Becker's record is in the family record of Henry B. Koehn compiled by that family. Copies of their records are in the library of Bethel College, North Newron, Kansas.

If more time for research had been available no doubt more information could be found, especially on Andreas Eck, the oldest son of Zacharias.

If the files of bound Mennonite periodicals could be perused no doubt obituaries and other historical sketches of great value would reveal a lot of information on them and their activities.

It is possible that the oldest son of Zacharias Eck was Jacob. We have no information on him as to his birth, baptism, marriage and death. By tradition we are told that Andreas was his only child.

So now we come to the family and relation circle of Andreas Eck. He with his large family came to America in 1874 on the liner "Vaterland". In fact, we are told that he was in charge of a large group of Mennonites of some 500 to 700 people, which no doubt was a great responsibility. He came to Newton, Kansas and settled in McPherson County where he probably died and is buried with his wife Maria Wedel Eck. They left behind a large posterity, many of whom are resident in Oklahoma. They had ten children all of whom attained maturity and are listed below and to whom each was married.

Henry Z. Eck

Peter H. Eck was the oldest child of his parents. He and Anganetha Unruh were married in Russia, and they had nine children of which only five sons survived to grow to maturity.

When the mass migration of Mennonites from Poland and Russia to America took place in 1874, he decided instead, to go to Turkestan, a province in the south-eastern section of Russia, not far from the border of China. This trek must have entailed great hardships for the family, especially Grandmother, for three of her children were born either on the way, or while sojourning there, Anna died on the way up and was buried beside the road, while Susanna died in infancy. Helena died soon after coming to America.

Opportunities in Turkestan proved to be limited so it was decided to retrace their steps to see if arrangements could not be made to go to America. When they came back and applied for passport, all the family was granted permission except the oldest son Jacob. He had just reached the age of 21 years, so the government expected him to serve his term in the Russian army, a compulsory military service law having been instituted by this time. But our father did not want to be left behind, so a professional spy was hired to smuggle him across the border into Germany where he then joined the others.

This was in 1885 and they finally were America bound. Grandfather's brother, Abraham Eck, met them at the train when they arrived and took them to his home in McPherson, Kansas. Later they moved to a place of their own. The older boys all went to work to earn money, and Uncle John acquired a farm in Oklahoma, where he built a house and they joined him there to make their home with him. He died in 1914 and grandmother followed him about a year later. Grandfather lived to be ninety and died while living with friends in Kansas. All three are buried in the Mennonite Cemetery at Menfro, Oklahoma.

Anna P. Eck *Oct. 8, 1866 Russia, +Jan. 21, 1875

Little Anna died at the age of 8 years on the way to Asiatic Russia. This was a great sorrow to our grandparents, especially Grandmother. She was buried on the way beside the road and when they came back they stopped off at Anna's grave in 1885 for a silent last good-bye.

Not much is known of this family and the record is sketchy. They came to America about 1892. It is not known if Mr. Koehn died in this country or in Russia, before they came over. She was married the second time to Mr. Karl A. Decker on Mar. 31, 1897.

After Mr. Deckers death her son, Jacob Koehn, came up from Florida where he left his family and took his mother with him to Hawaii. Before going there, they stopped off in Oklahoma and visited her brother Abraham Eck and family, and other relatives. After one or two letters from Hawaii to relatives in the States, nothing further was ever heard from them.

Abraham H. Eck with his young family came to America in 1874 with the great mass migration of the Mennonites. They settled in McPherson County, Kansas, and lived there for a number of years. Their oldest son Andrew, was born in Russian Poland and died there in infancy. The oldest daughter, Elizabeth, also was born there and came as a baby with her parents to this country.

Later they moved to Oklahoma in the vicinity of Fairview where most of his descendants now live.

Susanna Eck & her family is one of the unfortunate ones who remained in Russia. She is the only child of our great-grandfather Henry Eck that did not come to America.

When they moved to the far south-eastern province of Turkestan in Asiatic Russia is not known, but perhaps about the time of the mass migration of Mennonites to America, about 1875 to 1880. Here they remained to the end of their days according to what meager reports we have from them, and more recently, their descendants. It would be interesting to know how their descendants who still live there, are faring, but because of the hostility between the governments of USA and the Soviet Union, they are afraid to write.

By inquiry through the good offices of our eminent Ambassador, Mr. Charles Bohlen, I was able in an indirect way to make contact with a member of the Buller family. This was Mrs. Heinrich Buller, widow, and her three children. I wrote to Mr. Bohlen, giving him ~~xxx~~ the address of the last letters received from there in 1933 and he graciously located them by sending a registered card, receiving a signed confirmation by their signature in return. So he notified me and we then knew that they lived at the same place.

Mrs. Agatha Eck Koop in Canada then wrote to them, since she is more closely related thru her side of the family than I, and she then received an answer from Sara Buller, widow of Heinrich Buller.

Since we have only a very sketchy record of this family, I decided it would not be amiss to publish these letters, both the ones from Jacob Buller and also from Sara. We can see by reading them what harrowing times they lived thru and how they must have suffered.

The first letter is one written to uncle Peter H. Eck, then living in Oklahoma:

Asia, Nikolaipol
1933, June 2nd

Worthy Friend Peter Eck, far, far away:

My first wish is that the peace of God and the fellowship of the Holy Spirit be with you, your family and your brothers.

After hesitating and debating the thought of writing to you I finally came to the conclusion to do so and describe to you our situation. I, your cousin Jacob Andreas Buller, am still residing in Nikolaipol, am 56 years of age and married to Elisabeth Cornelius Eck since 1901. Her parents lived in Gnadenenthal. During the passing of time the Lord has entrusted to us 8 children whose names are as follows:

Eck - Buller

1. Jacob Buller +
2. Heinrich Buller
3. Abram Buller
4. Peter Buller +
5. Elisabeth Buller
6. Anna Buller
7. Johannes Buller
- 8 Herman Buller

∞ Sara Wall/d.Peter Wall

Sons of Jacob and Peter died. Son Heinrich is married to Sara Wall, daughter of Peter Wall from Gnadenfeld. He works in the Safchos for his board as they have no home of their own. Even my family and I at present live together with my youngest sister, Susanna, who is married to Dietrich Johann Klassen. Son Abram is afflicted with rheumatism and is unable to work. His back is particularly affected and I fear he will be crippled with spinal curvature. As for myself, I had a case of spotted typhus the past winter.

We find ourselves in a situation where we are not able to plant seed for bread. We planted some potatoes and vegetables, but our future looks very dark. We did not have the seed nor strength to plow the ground. Last year we planted seed on irrigated land, but because there was so little rain we had no harvest. Since some people here in our village have had help in the way of money, food and clothing from America and other countries, I decided also to ask for some help, even if it is just a small amount. The way is open and there is a possibility of receiving it.

This is the first time in my life that I have been forced to ask for help of any kind. I am sorry to say that my brother, Peter, also asked for help and his plan was frustrated. He lives near Frunse, formerly Pishpek, about 300 Werst away. His oldest son died of spotted typhus a few months ago. Brother Abram who also lived there, died of the same disease. Our parents are dead too.

Is your father still living? Uncle Abram Eck and my uncle Heinrich Buller please, if possible, will you give them our best regards if they still live? And to their children too. I am not in a position to know how you all are faring, or if you can sympathize with us in our needy state. If it is at all possible to get together and send us anything, please direct it to the following address:

Deutschland Gesellschaft fuer Paketversand nach U.d.S.S.R.
Fast und Brilliant, Berlin W.62, Wittenbergplatz 1.

However, the German society will have to have my address.

Now my dear friends, I could tell you many a thing more but I believe this will suffice to give you an idea as to our situation. Please read Luke 9: 58 and Lamentation 5:3. It is important to me.

My youngest brother Franz lost his first wife and he will marry Bertha P. Wall Sunday, June 4. She is 21 and he 44. She is the younger sister of our daughter-in-law, Sara P. Wall, son Heinrich's wife.

Eck - Buller

I will now close with a sincere greeting to all our relatives there with 2.Cor.9:7. I hope this letter will find you all in good health and spirits. What are your brothers Jacob, John, and Tobias and Benjamin all doing? Are they all still living? How many children do you have, and what are their names and ages? Good buy now and "Auf wiedersehen", if not here then in the kingdom of God and before His throne. We will be thinking of you and loving you.

(signed)

Jacob and Elisabeth Buller.

The next letter was written to his cousin Kathrine Eck Nightingale of Cleo Springs, Oklahoma:

r

Lenienpol, 1933, Oct. 8.

Dear Friends John and Kathrine Nightingale:

My best wishes to you both for health and happiness and to your children.

We are very happy to report herewith that we received your very important letter with picture of your family enclosed. We experienced great joy and happiness to receive for the first time a letter and picture of my cousin and family, the daughter of my uncle Abraham Eck. We now have an idea of how many cousins we have in the far away new world. If we could only be together in your midst, how many, many things we could tell each other and describe to you our situation! Written accounts are so incomplete. A short time ago I wrote to my cousin Peter H. Eck and it is possible I may repeat some things in this letter that I said to him, but please pardon me for that as you wish to know our circumstances.

We are living with my sister Susanna, Mrs. Dietrich Klassen. They have four sons and one daughter. At present we also still have four children, 2 sons and 2 daughters, at home. Son Henry is married to Sara P. Wall. They have two little children: Elisabeth and Herbert. Sara, our daughter in law, lives with our neighbours Bernhard J. Klassens, to whose wife she is a sister. Son Henry lives a distance away. We lost our 26 year old son Abram this year by death from spinal meningitis on Aug. 3, 1933. He had been ailing the last two years but suffered intensely the last three weeks, which made it very difficult for both him and us because we were unable to give him any medical care.

Our eldest daughter, Elisabeth, is working for strangers since spring. How much she will earn we do not know at present. Clothes and clothing material is very scarce and dear and we have no idea how we will get warm clothing for this winter. In fact it is not easy to buy even with money. In our nearest city Aulia Ata, is a store where with foreign money, one can buy quite cheaply, different kinds of flour, cereal, sugar, oil and also cloth.

Many of our Germans have been able to go there and buy food and clothing. I've been thinking that if all the relatives there would go together and give one or two dollars apiece and send it to us it would help a great deal.

I am at present 56 years old. Last winter I was ill with typhus for a month and my left leg has been affected. A year ago we still

Eck - Buller

had our own house and horse. In 1931 we had 2 horses, a colt and a cow. Now we have nothing.

Perhaps now you can understand our ~~needy~~ situation, dear cousin Katherine, and please ~~be~~ do not be ashamed of your German writing. We can read it very well and please write us more about yourselves, your brothers and sisters, giving their names; your mother too, is she still living? Please give our best regards and wishes to all uncles and aunts, and all the kinfolks near you, ~~w~~ especially to cousin Peter Eck and his old father. Is he still living? Sister Susanna, with whom I live, also asks me to send greetings. They still own a calf and cow and a few chickens. At your request I am sending a picture of our family which was taken in 1929.

Best wishes from Jacob A. Buller & family.
Please answer soon.

P.S. If you could send us a small donation, all of you together, we would greatly appreciate it. Our oldest son Jacob died in 1928. Son Henry is standing on the picture behind me. At that time he was not yet married. Near me standing are my two youngest sons, John and Herman. Between me and my wife is ~~my~~ youngest daughter Anna. Behind my wife is son Abraham who died this year. Near Abraham is daughter Elisabeth, age 20 years. Next to my wife sits my sister-in-law Helena Eck, my wife's sister, who is also your father's cousin. Their parents have passed away.

Letter from Mrs. Sara Buller, widow of Henry Buller, son of Jacob Buller and Elisabeth Eck:

May 30, 1954 to
Agatha Eck Koop, Gem, Alberta

Dear Loved one far away:

I have received your letters and will try to answer them as well ~~x~~ as I can. I am Sara Wall now Buller. My parents-in-law died in 1946.

My beloved husband Henry Buller, died in 1943 and brother-in-law Johann died in 1942. Now only Elisabeth with her husband Peter Klassen, and Anna (still single) are still living. Herman and his wife Anna Gossen and I with my three children are still here too. My daughter Lois is 23 and will be Sep. 24. 28, 1954 (?). Son Herbert is 21, will be 22 Oct. 16. Daughter Antoninna was 17 on May 19th.

Of the family of Jacob Eck, (brother of Mrs. Elisabeth Buller) there are still living Henry, Jacob and Anna. Mr. & Mrs. Jacob Born both have died. Their children Kornelius, Marie and Elisabeth are still living. We often meet and visit with Marie since she lives near us.

Now the Janzen family. There are still Peter Janzen's children Frank, Sara and Anna. The others I don't know. Of Henry Janzens children are still Lena, married to a Quiring. Katharina married to a Kugler and Gertrude married to a Wall, And Elisabeth to a Kroeker.

Yes, Agatha dear, as you say, "Where are all our loved ones? So many of them have passed away."

Eck - Buller

Now permit me to ask a question: Is your Aunt Marie still living? I recall your mother very clearly when your parents visited us in 1929. Your mothers sister Ema and Auntie Kops are here too. Her brother Peter Reimer, was here in March on a visit. On March 19th he died very suddenly. ~~Ap~~post-mortom showed a blood vessel had burst in his brain. I guess you remember my sister Marie, (now married to a Wiens) with whom you went to school. She requests that I give you her best regards. Her husband died in 1951. My sister Liese died in 1953. The others are still living: Peter, Jacob, Tina, Bertha and Justa. I, Sara, am 44 years old.

Now another request: If you should see Maria Wiebe, or Jacob Wiebes wife, please give them our sincerest best wishes. Do you suppose they know where our sister Lena Wall Toerwek is living. We have not heard from her for a long time. The last letter was from Norway. If you are able thru her to send a report to them, or from them to us, we would greatly appreciate it. Would very much like to know if this sister is still living.

Sara Buller and Children.

Thus as we read what is written as well as ~~xxx~~ between the lines, what those few simple sentences tell, not only in words but also in feelings.

Undoubtedly the Buller family and many of those around them in this locality were starving in 1933. In the last letter written by Sara Buller, we can see how few survived the ordeal and the second World War which followed.

The sad part of it was that while they were in this destitute condition over there, we also here were in a pretty bad situation. We were wallowing in the great depression when people were losing ~~xxx~~ their jobs, homes and farms, their savings in banks and investments, when there was no work to earn any money and it was almost impossible to lend a hand to our poor overseas relatives and friends in their desperation. Here too, families often had to live together in the same house and sell things to buy food. But at least we did have plenty of food and it was cheap, and besides, our government took a hand in the matter to help people. We managed somehow to get food and clothing and to find shelter. I don't believe anyone just exactly starved to death. On the next page follows the record of Susanna Eck and Andreas Buller as far as it was possible to get it.

- - -

These are all the family that are mentioned in Jacob Bullers letters. The Lena Eck, mentioned in the letters, was a sister to Mrs. Elisabeth Buller and made her home with them. She + 1946.

This history is taken from the works of Olga Schmidt, presently Mrs. James Hamack of Cameron, Wis. Rt. 1. By her gracious permission I copied the family record she made of their grandparents and their descendants.

Peter Unruh, son of Mr. & Mrs. Andrew Unruh was born on May 14, 1846 in the village of Nauenstills, Poland

Elizabeth Eck, daughter of Mr. & Mrs. Henry Eck was born on May 2nd 1851 in the region of Karolswalde, Poland.

They were united in marriage by Elder Tobias Unruh on Aug. 17, 1873 in Karolswalde, Poland. They came to America in 1874 and lived over a year in Bluffton, Ohio. From here they moved to Pawnee Rock, Kansas. In 1885 they moved to Lehigh, Kansas and in November 1883 to West of Dolton, S. Dakota. They lived here about 21 years. In March 1910 they moved to south of Syracuse, Kansas, which is in Hamilton County, where they lived until their death.

In the first years of their life in America, Peter Unruh worked for other people until he could begin farming by himself. While in Hamilton County, Kansas, he also engaged in cattle raising. He passed away at his home in Hamilton County, Kansas, on Feb. 17, 1926. He is buried in the church cemetery about six miles from the home place.

His wife Elisabeth was afflicted with severe rheumatism and was an invalid for about twenty-five years. The last four years had to be spent in bed. She died on Dec. 21, 1929. She is buried in the same cemetery as her husband.

To this union were born twelve children, nine girls and three boys. Helena was born on the Ship coming to America on July 15, 1874.

She was married to Benjamin Adrian in 1894 and passed away on Dec. 27, 1895, a few days after an accident with horses. She gave birth to stillborn twins, Lena and Katherine.

Susie was born in Wayne County, Ohio, near Maeschellwelle in 1875 on December 7th. On October 28, 1888 she passed away because of a brain hemorrhage. She reached the age of 12 years, 10 months.

Frena was born at Pawnee Rock, Kansas, on April 6, 1877. She passed away on October 27, 1882 at the age of four years and seven months. Her death was caused by Diphtheria.

Catharina was born on March 19, 1879, at Pawnee Rock, Kansas.

Eck

A3

Cornelius Eck was probably the youngest son, if not the youngest child of Zacharias Eck, and the only one of whom we have found a written record. He probably was born in Karolswalde but later moved to Heinrichsdorf, and from here the record shows he moved to Asia. This explains why most of his children remained there. In Heinrichsdorf lived the Heinrich Frey family who made a written record of 18 families living there, including the family record of Cornelius Eck Sr.. This record was brought to America by Mr. Frey in 1874 when the family came here and carefully preserved by their descendants. He may have been a close friend to the Cornelius Eck family as their record is found in it. I feel fortunate and grateful to those who allowed me to copy it.

Cornelius Eck Sr. was married twice. His first wife Catharina may have been a native of Karolswalde as many Unruhs lived there. By her he had eight children when she died not long after the birth of Anna in 1862. His second wife was a young maiden, Maria Funk of Heinrichsdorf, daughter of Benjamin Funk and Maria Boese Nachtigal. They had six more children.

Heinrich C. Eck had a very active and colorful career. He was born in Alexanderkrone, Molotschna, S. Russia, the oldest child of Cornelius Eck. According to his obituary published in the German weekly Mennonitische Rundschau Of June 16, 1954 his parents moved to Turkestan in 1880. At that new Mennonite settlements were being founded and his early boyhood ~~had~~ and school days were lived during the hard pioneer days of that ~~period~~ period.

The first opportunity of earning money that came to him was that of building roads over the mountains and rivers to the settlement. Both he and his father worked at this task. Because of prevailing unsanitary conditions he contracted an ailment which plagued him all his life.

He turned to God early in life and found the peace that passeth understanding through Jesus Christ because of the concern and ministry of his pastors Wilhelm Dyck of Millerowo, and Jacob Reimer of Rueckenau, and was baptised into the Mennonite Brethren church. He remained a devout Christian all his life and served his church as a preacher and later as elder.

His mother and his grandmother before him had possessed the gift and ability of setting and splinting broken bones and he learned this art from them. This probably stimulated his interest in medicine, so that later, after his marriage, he decided to study further along this line and managed to go to school. However, just before the time of his medical examination his wife became seriously ill and he had to return home. Subsequently tho, he was able to practice what he had learned (homopathically) in the pioneer villages in Russia as well as later in Brazil.

Later, about 1911, he moved back to southern Russia to Ignatjewka where he practised medicine exclusively until 1914. Since his practice did not earn him much money he decided to move to Suvorovka, Kuban region, where new Mennonite settlements had been made. The hard years of the post World War I period came upon him here when there was much typhus and influenza. Even his wife became ill and passed away, leaving him with a large family to care for. While residing here he was ordained as minister Easter 1919.

In 1920 he entered wedlock the second time with Miss Maria Reimer who tried to fill the place of wife and mother to him and his children. To this union was born a son, but he died at the age of one year and 7 months. They also took a foster son to rear, Abram Fast, son of Maria's sister who died. They both faithfully shared in the work of caring for the sick and injured, giving them both physical and spiritual comfort.

Eck

On May 8, 1921 he was ordained Elder in the Mennonite Brethren Church at Suvorovka by the Elder Wilhelm Dyck, Millerowo, thus becoming leader of the church.

When the first five-year plan of Stalin's was begun in 1929 his land was taken away from him so he decided to go back to Turkestan to see if things were better there. However he found that the churches there had already been put under the Red flag, so nothing remained but to leave the country. He and his wife both went to Moscow to apply for passports, but since this took a rather long period of waiting, his wife went back to their home in Suvorovka to see what could be salvaged of their belongings, and to sell what they could not take along, and in general to make preparations to emigrate.

He returned home with passports for their family in September. After a sad and warm, but unforgettable farewell gathering of his congregation, they entrained for Germany, arriving there Dec. 2, 1929. From there they went to Brazil, Santa Katarina in South America, to the valley of the Krauel, arriving Mar. 30, 1930.

Here he again had the privilege of being active in his church as well as practicing the art of healing. This was particularly difficult in this pioneer settlement when he had to work under bad conditions and lack of facilities. In clearing the land of timber, many accidents occurred, occasioning broken bones. He often had to travel long distances over bad roads, usually riding horseback. In his absence his family had to manage the farm which worked a hardship on them also.

In 1952 they moved to Bage, Rio Grande Do Sul, where they again settled in a new place. However, age had crept up on him and in August of that year he suffered a stroke. This left him lamed but he managed to do light work and was able to attend worship services. He passed away Mar. 10, 1954 from a heart attack. He was the first one to be buried in the cemetery of that new settlement.

Heinrich Eck was born in Russian Tuerkestan. When he returned with his parents to Suvorovka in the Kuban region he attended grade and high school there. Here his mother died in 1919 and no doubt he felt he had lost an anchor.

While living there as a young man he and two companions of like adventuresome nature, decided to go across the border into Persia. They did not bother to get a passport and apparently had no trouble getting into Persia. But once there they found it was not so easy to get out. In trying to escape they experienced great hardships and disappointments. In the meantime his parents has emigrated to Brazil, South America.

Finally, through the kind intercession and mediation of Prof. Benjamin H. Unruh, they were able to come to Genoa, then to the refugee center Moelln in Lauenburg, Germany. By now his uncle J.J. Janzen and family were also on their way to Brazil. Getting in contact with him he was able to get proof of his identity and allowed to join him on to Brazil where he was re-united with his parents and family.
