Introduction

I am delighted to present to you at this time the ENNS book dating back to Abraham Enns born 1784 in Prussia.

Getting the records of this family was quite complicated, as some of the members migrated to Canada in the 1870ties, while others in the 1920ties.

Placing a notice in the "Mennonitische Post" brought good results. I am much obliged to Mr. Abram Ens of Mexico, who travelled by horse and buggy collecting information and forwarding it to me. I also like to thank all the others who sent their information in and made it possible to compile this book.

By doing work of this nature problems do arise. Sometimes the writing was not clear, or names are spelled different than we are used to. I have tried to be accurate, but if errors have crept in, I hope you will bear with me.

A few pointers to get familiar with the book. Each generation is identified with a letter - 1st generation A, 2nd generation B. and so on. The number next to the letter - as C2 - identifies the second child in the third generation, F3 - the third child in the fifth generation.

In case where the Enns descendant deceased and husband or wife remarried and had more children (rather than breaking up the family and leaving them out, as they are not direct descendants) they are identified with a small letter as: A2-B18-C9-p.83, telling us that the partner of C9 (in this case) was a widower, who had one son by his previous marriage, this son is identified with dl.

Now if you like to find the connection between - lets say
Abram Ens -p.41 A2 - B9 - C7 - D4 and
Peter Jacob Enns -p.93 A2 - B20 - C2 - D2
you will notice

A2 and A2 - the same person
B9 and B20 - brothers
C7 and C2 - 1st cousins
D4 and D2 - 2nd cousins

Charts also make it easier to find the connections. The page number, where more information on the family is found, is marked next to the identification in the charts. An index of all the names is placed in the back of the book.

Symbols used in this book are:

Birth *

Baptism =

Marriage oo

Death +

Burial ()

Descendants of his son Abraham
Specially stressed in these records.

The Name

Enns (Ents, Ensz, Enss, Ens, Enten, Enos, Ems, Enth, Innis) was a Mennonite name in the rural Flemish congregation of West Prussia. Fifty-eight families of this name were counted in 1776. Members of this family migrated to Russia and America. In South Russia they mostly adopted the form ENNS. Gerhard Enns (Entz) was one of the first preachers of the Old Flemish congregation of Chortitza, while Jacob Enns was the first Elder of the Molotschna settlement in South Russia (1805-18).

-Menn.Encyclopedia, Vol.2, p.224.

There is a city by the name of ENNS in Upper Austria situated on the Enns River near the junction with the Danube. This was one of the Anabaptist Centres in the late 1520-ties.

It is believed that high ranking officials, who lived in this place, must have carried that name. Research in this line has proven this to be correct. In the library at the University of Michigan are a number of documents that mention this place as well as the people living there, a number of these bearing this name with different spellings as mentioned above, and also Anis, Enis and Anasus.

As Hungary invaded Austria (900-955) they were not able to take the "Enns Fortress".

This Enns town became a city in 1212 and was the most important commercial centre at that time.

How was the name ENNS transplanted to Russia and America? A certain document at the Mennonite Museum of Bethel College, Newton, Kansas, written by Frederick, King of Prussia in 1713, invites Anabaptists (Mennonites) from Switzerland and other countries where they suffered oppression, to come to Prussia. History proves that about 20,000 Protestants followed this invitation and made Prussia their home. There is a possibility that people bearing this name were amongst those settlers. (At present there is not a single person by the name Enns in this city.-Mrs.M.Enns,Wpg.) About 80 to 100 years later Mennonites from Prussia followed the invitation to Russia, and years later migrated to America.

Not all researchers agree with this theory. Some believe that our ENNS name originated in Holland, and others even say that it came from Ireland. Here are a number of places found with names like Ennisfield Ennisville, and the name Ennis is very common.. During the Protestant oppression in England (1607) many left for Holland, where they joined the Mennonites. There is a possibility that some of these newcomers carried the name Ennis.

Maria Petkau was born Nov. 7, 1889 in Burwalde, Chortitza, S. Russia. Burwalde was located near the Dnjepr river which empties into the Black Sea.

Having lived here with her parents, brothers and sisters for some time, the family moved to Alexanderfeld (Alexejewka?) while she was still very young. Here she attended school and grew up. They moved to Arkadak in 1911. At this time she met and was courted by Jacob J. Enns, who was also born in Burwalde. They had never met prior to this time. They married about a year later on October 7, 1912.
