This family record of the Funk and Jantz, Janzen families has been compiled, organized and recorded from the years 1955 to 1962, and dates back to the year 1762. It contains a record of all the known descendants of our earliest ancestor, Heinrich Jantz, (born in 1762 in Klein Nieschewke, by Thorn, in West Prussia) principally descended through his grandsons, Cornelius Funk and Cornelius Jantz. Their family records are on pp.
The Jantz and Funk families are related by the marriage of Anna Jantz, daughter of H einrich Jantz, to Rev. Jacob Funk. Refer to their family record on page . I am indebted to my father's uncle, Peter Wiebe Funk, now deceased, for this information which he kept in his family record book.

I first became interested in this genealogy work in the year 1951, when my father Fred C.Janzen, and I visited with his uncle Peter W. Funk, in Hillsboro, Kansas. We obtained the family records of my grandparents and great-grandparents Janzen and Funk at that time, and visited the Bruderthal Church and Cemetery (Ebenezer) and took pictures. Then in 1955 I began seriously to consider the gathering of family records and the making of a Family Tree. I completed a large chart of the Janzen families in Dec. 1956. In January 1958, with the aid of my father, we completed the Funk family Tree. Since 1958 the family records have been growing in volume until now the number close to 600 different families, mainly descendants of my gret-grandfather's, Cornelius Funk and Cornelius Jantz.

A word of exlanation concerning the actual family records: There was no other solution in compiling the information on the family records, than to record it in a like manner of the forms, which I sent to you to be filled in. The latest date the information was received from the different families is recorded at the top of each family record. The relationship given at the beginning of each family record refers to the husband's of wife's relationship to my father Frederick Charles Janzen. For example, on p. Pearl Stubby is a "1st cousin once removed" to my father. All families are recorded in alphabetical order by surname, except for the family of Glenn Jacob Goertz, which arrived too late for the "G"s and so is recorded among the "J"s on p. Because of the large amount of information, I was not able to record the marriage dates of the children, or the information of brothers and sisters of husband and wife. This information is contained on the parent's family record, and is therefore repetitious. In order to trace the relationship of each family back to the original family of Heinrich Jantz, refer to the parents names on each family record. I have tried in all respects to secure the full, complete name of all persons, with the maiden name of all married females. The dates appear in the order of first, the day, 2nd the month, and 3rd the year. The places are given with 1st the town or city, 2nd the county or province, and 3rd, the state or country, with the abbreviations to conserve on space where necessary.

I have endeavored to make this family record as accurate and complete as possible, and each family record has been tripled

checked for errors ans consistency. This information has been gathered by corresponding with each family directly, or some close relative of the immediate family concernded, who knew the correct information. And it has been a source of great pleasure to become acquainted with all my relatives in this way. My heart-felt thanks and appreciation to all xxxxxxxxxxxxxxxxxxxxxxxxxxxx of you who have been so faithful and diligent in sending your family record forms back to me. May the Good Lord bless you for all your time and effort. In order to keep the family record up to date, would you please send all future changes and additions to

I am indebted to Peter Wiebe Funk, and members of his family for the preservation of a short history sketch of the family of Anna Jantz and Rev. Jacob Funk. It was written by my great-grandfather, Cornelius Funk, in the old German skript handwriting, and interpreted, reads as follows:

"From the wish of the children and grandchildren for it to be written, this is the story. Grandfather Jacob Funk was born 1788 on May 31, in llerwalde, West Prussia. And the Grandmother, named Anna Jantz, was born 1796 on Feb. 2, in Klein Nieschewke in West Prussia. They lost their property by fire in Feb. 1828. I, Cornelius, am born 1824, on April 25 in Klein Nieschewke, near Thorn, West Prussia.

In February 1828 in the morning, the livestock, machinery, property, and all belongings were destroyed by fire. The servants were working in the fields, supporting fruit trees to keep them from breaking. Heinrich, Jacob and Anna were gone to school. Father was gone to a neighbor. Mother and the maid servants were in the living room, spinning. Peter and I were sitting inffont of of the door, playing in the sand. It was a beautiful day. I was sitting with my face toward the barn and I saw just when the fire started. I said to Peter: "There is fire in the barn." He jumped up and ran toward the barn, and I after him. I then told it inside to mother. They did not want to believe us but came out and saw it. They took the spinning wheels, beds, and many other things outside. The neighbors servants, where Father went, were threshing in the neighbors barn. They saw the smoke and gave the alarm, and hurried over. Before they arrived the barn and stables were in flames. Nothing could be saved. Horses, cows, pigs and the food were lost. Father worked in the forest to get wood for building a new home. Then Father took sick from a cold and died. I remember the time when he died. Now mother tried to finish the building with the help of her brothers, Heinrich and Cornelius Jantz.

In the late fall or winter of 1828 mother married a young man, Gerhard Nickel, son of the Gemeinde Aelteste, Johann Nickel. In June of 1838 the parents immigrated with us five brothers and sisters, and the four half-brothers, Johann, Gerhard, Wilhelm and Julius Nickel to South Russia to the Government Taurien on the east side of the Molotschna River. They lived about 25 klm from the Molotschna River in the village of Prangenau on the Juschonlee River. In the first winter they lived in the village of Grossweide. In the fall of 1839, Father Gerhard Nickel took sick and died on Nov. 2,1839 at the age of 33 years, 1 month and 19 days. Some years later mother married the widower, Johann Wiens, from Ladekopp. He died a few years before mother. Mother died 1876 on Oct. 8 in Marienthal, S.Russia at Julius Nickel's home. She lived 80 years, 10 months and 1 day.

In 1846 on Dec. 3,I, Cornelius Funk, started my married life with the young woman Aganetha Wiebe. She was born 1826 on May 17, in Lichtfelde,S.Russia. We were married 28 years, 1 months and 14 days. During our marriage 12 children were born, 6 sons and 6 daughters. Among them, one little daughter, the 2nd child, lived 1 year and 25 days, and then died and was buried in Prangenau,S.R. In 1853 we made a start in a new place, Paulsheim,S.Russia. We lived there until 1874.

In July 1874 we left South Russia for North America and arrived on Sep. 9th here in Kansas, in Peabody. On Oct.18,1874 at the 12th hour of night, our son Heinrich, died in Aunt Peter Funk's (Elizabeth Neufeld) house. He was 19 years, 5 months and 11 days. On January 15,1875, in the 2nd hour of the morning, the mother of these children died. My dear wife was 48 years, 7 months and 27 days old. So I had a lonesome life with my dear children, until they all were married.

On Aug.23,1897, I, Cornelius Funk, accompanied by God, with my dear brothers and sisters, went again over the ocean to South Russia. We had 2 brothers there and several other relatives we wanted to visit. In Germany I visited the place of my birth and my former living areas, which we had left more than 59 years ago. The country has changed much to the worse, because of floods (of the Vistula River, and many buildings were decayed. In South Russia the brothers and relatives were very much surprised becaus eof our visit. The welcome was very warm and of a happy nature after 23 years. After 2½ months we had to leave again. It was a warm farewell with tears, kissing and shaking of hands. Brother Julius Nickel of Marienthal went with me on Nov.17th in the morning from Mariawohl to Halbstadt. At night of Nov.18. we went to the station Prischib. From there Peter Balzer, Mrs. Jacob Wiebe, and I left for our trip back to America.

Now comes ajourney through Todesthal (valley of death). I ask our gracious God, the Father in Heaven, to be with me on this journey. in the name of Jesus Christ, Amen."

-- Cornelius Funk.
